Cesar Mora
Delphi Connection Systems
1 Vanderbilt
Irvine, California 92618

Dear Mr. Mora:

Re: Qualification of M28876 Connectors with split backshell design
Test Report Number: 28876-2762-10; VQP-13-026023
Preparing Activity: DLA-CC, FSC 6060; Control Number: 038886

This office has received your request dated March 12, 2013 to obtain qualification by similarity for M28876/2, /3, /4, /5, /7, /8, /9, /12, /13, and /14 connectors with split-backshell. Based on Delphi's recent qualification testing to qualify the /27, /28, and /29 split backshell designs using Delphi qualified connectors, qualification by similarity is granted. The next revision of the QPL-28876 will reflect an updated qualification reference for the aforementioned slash sheets based on the split backshell test report number.

This qualification is subject to the conditions stated in DoD 4120.24-M and SD-6. Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production of these products.

If you have any questions concerning this letter, please contact Ms. Sonya Taylor at Sonya.Taylor@dla.mil.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE
Chief
Sourcing and Qualifications Division
